for promotion, then there was no need for any examination in that subject at all. The Government, therefore, ordered that public examination need not be conducted in the languages under Part II of the language scheme, with effect from the S.S.L.C. examination of March 1963.

3. In connection with the reorganisation of Education in this State, the three-language formula was reviewed by the State Education Consultative Committee during its meetings in February and March 1963. The Committee endorsed the formula as adopted by the State Government but decided that there should be public examination in Part II for S.S.L.C. but the marks obtained therein would not be taken into account for eligibility to college course, but would count for moderation. This was to take effect from 1963–64. The recommendations of the State Education Consultative Committee were embodied in the 'Note on the Educational Pattern' which was placed on the Table of this House on the 25th March 1963. The note was considered and discussed by this House and approved by it. Accordingly, as decided by this House, the Government issued orders on the reorganisation proposals. It was also ordered that there would be public examination in the languages under Part II of the Three-language scheme with effect from the S.S.L.C. examination of March 1964; but that the marks obtained therein would not count for purposes of declaring eligibility for University courses of studies. The marks however, will count for "Moderation". The Madras University has been addressed in the matter and its reply is awaited.

SRI M. KALYANASUNDARAM : Sir, on a point of clarification. My notice under rule 41 deals with the three-language formula not only for education but also for the official language . . .

THE HON. SRI M. BHAKTAVATSALAM : There is nothing like the three-language formula for other purposes. This is only for educational purposes.

MR. SPEAKER : Even if it is a point of clarification, I cannot allow any hon. Member to speak now. If I do that, I will be violating the relevant rule. I am sorry I cannot help it.

V.—ANNOUNCEMENT.

BUSINESS OF THE HOUSE.

MR. SPEAKER : Before taking up other items included in the Agenda, I have to announce to the House the following programme of business of the House as decided by the Business Advisory Committee at its meeting to-day.
